

For 30 years, the Knowles-Nelson Stewardship Program has been protecting our lakes and streams, securing critical wildlife habitat, and providing world-class recreational opportunities.

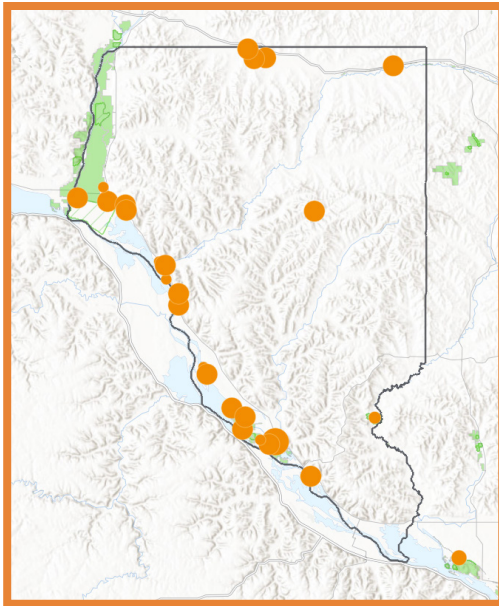

Non-profit conservation organizations, local governments, and the DNR have made thousands of investments in land protection, parks, trails, campgrounds, and more.

BUT THERE'S MORE WORK YET TO BE DONE.

A renewed Knowles-Nelson Stewardship Program will help Wisconsin adapt to a changing climate, ensure that everyone has access to parks and green space, and will conserve critical areas that provide us with clean air and water.

THE KNOWLES-NELSON IMPACT ON BUFFALO COUNTY

# OF PROJECTS	INVESTMENT	ACRES PROTECTED
50	\$3,338,089	2,200+

- › **\$402,790** Merrick State Park - boat launch expansion, pit toilets, campsite renovations, ADA kayak launch & road repairs
- › **\$300,538** The Nature Conservancy - 164 acres of land & habitat protection in the Lower Chippewa State Natural Area
- › **\$200,000** City of Fountain City - repairs & improvements at the lower boat landing behind Fountain City Community Park
- › **\$45,335** City of Alma - trail repairs, restroom renovation, picnic shelter & parking upgrades at Buena Vista Park
- › **\$15,057** Town of Belvidere - bouys & waterway markers

Stewardship costs each Wisconsin resident just **\$11.00 each year**, less than a fishing license or state parks pass. And yes, **that includes debt service.**

Wisconsin's outdoor recreation economy provides **\$5 billion in wages** and contributes **\$9.8 billion** to the state's GDP.

Nature works for us every day. Knowles-Nelson lands **filter our air, clean our water, and protect against floods.** That's worth more than **\$2.5 billion every year.**
